TO THE WORLD OF ERLAU INTERIOUR PRODUCTS

Erlau Interieur products follow the philosophy of universally usable design. We set benchmarks in quality, functionality and ergonomics for modern equipment, both interior and exterior.

In private as well as in public areas of human care, wetness and plain surfaces in bathrooms, shower areas or toilettes are a combination that considerably increases the chance of accidents and tumbles. This is why professional planners as well as users do have high benchmarks for stability and safety as well as for product design and esthetics.

We at Erlau do meet these challenges and set new benchmarks when it comes to product development, materials research and quality assurance. In order to meet the needs of our customers, we emphasize individual, professional consulting.

No matter which requirements you have, be it private, municipal, industrial or transport – we have specialists to find customized solutions.

WILL ALWAYS FIT:

Superb: The modular world of Erlau grab handles

MODULAR

The Erlau line of grab handles feature a modular system to accomodate all the requirements in residential bathrooms.

INDIVIDUAL LENGTHS

Tubes, connectors and attachments are constructed in a way to allow individual lengths to cover most applications.

FLEXIBILITY

Most often, bathrooms are rather tiny, functual rooms – be it public or private. This calls for a very versatile system to begin with, especially for shower-niches: Erlau shower-rails will fit! No matter if you want it placed on the side or in the middle, the user decides, and it will fit!

PLEASE NOTE: THE AVAILABLE LENGHTS OF THE GRABRAILS ARE SHOWN ON PAGE 5.

AWARD-WINNING

The modular family of grab-rails received the ICONIC AWARD INTERIOUR INNOVATION 2016 and the GERMAN DESIGN AWARD 2017.

TERMS OF SALE AND DELIVERY

All prices shown are in Euro, per piece, excluding VAT. We deliver ex works „D-73431 Aalen“ based on our general conditions of sale (AGB), to be seen at „www.erlau.com“. This is subject to fulfillment of all required prerequisite of our commercial credit insurance company.

All invoices are due within 10 days with 1,5 % early payment discount or after 30 days net without further deductions.

All complaints, regardless of cause, will only be honored when filed within 14 days after delivery of shipment.

All shipments outside mainland Germany will be quoted individually and will be invoiced accordingly.

All packaging is neither invoiced nor will be accepted for return and /or refund. All sea-worthy packing will be invoiced. Within mainland Germany our packaging can be reported for pick-up through Interseroh-company.

All pricing excludes any labor for assembly. We provide extensive assembly-instructions for assembly of our products by the purchaser.

The receiver of the merchandise has to check the goods immediately upon receipt for any deviation in respect of quantity and /or quality from the contractual agreed quality.

Any obvious, ascertained defects have to be reported within 14 days; any latent defects no later than 6 months after receipt of the products in writing.

All deliveries handled by postal service or forwarding agency within mainland Germany are free of charge.
